DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:
 Group 1, claims 1 – 6 is drawn to providing data structures for manipulating such views, 345/619

Group 2 claims 7– 12 is drawn to a method for viewing using windows, class 345/788

Group 3 claims 13–28 is drawn to a method for viewing using windows, class 345/427 drawn to manipulating the graphical views.

- 2. The inventions are distinct, each from the other because of the following:
 Inventions I, II, and III are related as subcombinations disclosed as useable
 together in a single combination. The subcombinations are distinct from each other if
 they are shown to be separately usable. In the instant case, each of the respective
 inventions has a separate utility as in a system not having the others. See M.P.E.P.
 806.05(d).
- 3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
- 4. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Groups II and III, restriction for examination purposes as indicated is proper.

Application/Control Number: 09/394,824

Art Unit: 2174

- 5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.
- 6. Applicant is reminded that upon the cancellation of the claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. 1.48(b) and by the fee required under 37 C.F.R. 1.17(h).
- 7. The Applicant in replying to this Office Action must make an election, with or without traverse.

Conclusion

8. The Examiner attempted to contact the Attorney on February 11, 2002 regarding the above restriction using the latest information provided to the Examiner in the Application. The Examiner attempted to contact the Attorney for the Applicant although the papers found within the Application file wrapper failed to provide a telephone contact number for the said Attorney. The Examiner was unable to contact the Attorney for the Applicant despite attempts to obtain telephone contact number using USPTO records. The Examiner kindly requests that the said Attorney for the Applicant provide updated telephone contact information when responding to this Office Action.
